BASKET BALL GAME TOMORROW AFTERNOON

The Orlando high school basketball team will be here tomorrow to play our high school girls. The game will be played on the high school grounds and begin at 4 o'clock. The Star hopes there will be a full attendance, which is deserved by our girls, who have worked hard, played pluckily and shown themselves good sports throughout the season.

MARION COUNTY DISTRICT W. C. T. U. CONVENTION

This convention met March 3rd at the Kendrick Methodist church, which the young people had so beautifully decorated in white flowers, evergreens, banners, pennants and white ribbon.

Mrs. H. C. Packham, of our city, and president of the district, presided. Song of welcome, arranged by the Kendrick union, was followed by verses of welcome from its president, Miss Julia Webb. Mrs. Hattie Webb read Psalm 146 and Mrs. Quam led in prayer. Mrs. Packham's words were in thankfulness for the good accomplished by the W. C. T. U., both in national and home life.

Mrs. M. M. Little was elected secretary in the absence of that officer. Miss Minnie E. Neal, Mrs. Mabel Quam Stevens and her mother, Mrs. Quam of Illinois, were elected members of the convention.

Minutes of last convention were read. Mrs. Stevens addressed the meeting on "The Christian Sabbath a Necessity to Our National Life," beginning with the origin of the Christian Sabbath and concluding with a touching appeal for such observance of the Lord's day as He commanded, in order that we may be the Christian nation that we should be.

Mrs. Louis Weihe of Bellevue, sang beautifully and Mrs. Stevens led the noon-tide prayer, after which the meeting adjourned for a sumptuous dinner spread beneath the great oaks by the Kendrick union. Supper was also served in like fashion, later.

The afternoon devotionals were conducted by Mrs. M. M. Little, from John 17. Prayer by Rev. G. F. Bennett of Reddick. Mrs. G. W. Martin, president of the Ocala union, talked on L. T. L. work. Mrs. B. C. Webb recited a touching seafaring story. Mrs. Weihe and Mrs. Jacoby of Bellevue sang a duet, "We Did It." Miss Neal then tied the white ribbon on two baby white ribbon recruits, with a most appropriate speech. Alice Weihe recited and Miss Neal gave a stirring appeal on Christian citizenship.

The reports from the four unions were exceedingly interesting, showing excellent work done in the different departments. Miss Neal pled for personal work in organizing.

Reports from committees were read, and election of officers resulted as follows: Mrs. H. C. Packham, president; Mrs. M. M. Little, secretary; Mrs. Louis Weihe, treasurer; Mrs. Jacoby, vice president.

The district was loud in thanks to the Kendrick union for its unbounded hospitality.

The evening service was much enjoyed by all fortunate enough to participate. The local choir furnished solos, duets, etc., led by Mrs. James Tiller. While the children of Kendrick gave a beautiful demonstration of W. C. T. U. department work, after which they wound "The Ribbon Round the Nation." Miss Neal's address on "Christian Education," was followed by the song "God be With You Till We Meet Again," after which Rev. G. F. Bennett announced the benediction.

ROTARIANS ENTERTAIN DISTINGUISHED GUESTS

At their luncheon yesterday, the Ocala Rotarians entertained "Dick" Smith, of Atlanta, president of the eighth district of Rotary, who is touring the state, and Mr. Dumas Sr., who is spending part of the winter with his son-in-law here. The weekly luncheon of the club was deferred from Tuesday in order to comply with Mr. Smith's schedule. Nearly every member was present.

The luncheon was supplied by the Ladies' Aid Society of the Methodist church, and its members know what is needed to comfort the inner man. They spread the table beautifully and supplied it plentifully.

After the eats and routine business, cigars were lit and the members settled themselves comfortably to hear their president. Mr. Smith, as he said, is not an orator, but he delivered a good, sensible, business-like talk, which was heard with much satisfaction. He particularly stressed the point that as many Rotas as possible attend the district convention at Birmingham in a few weeks. He received hearty applause at the conclusion.

Mr. Dumas spoke briefly praising Florida and Ocala. It is easy to see he is a good after-dinner speaker and could have entertained the audience for several times the time he took.

After pleasant greetings to all, Mr. Smith said, in effect, "au revoir," and Ocala Rotas indeed hope he soon again will come this way.

FLAT OBJECTS FALL SLOWLY

Quite Simple Explanation of What No Doubt Everybody Has Frequently Noticed.

If there were no air, a lump of lead and a tiny feather when dropped from the hand together would reach the ground at precisely the same time. The earth has the same attraction for all things, but this is not apparent owing to the "disturbing effects of the surrounding air. You can counteract the effect of the air and prove this statement to your own satisfaction in an exceptionally simple manner. Cut out a square of paper slightly smaller than a postage stamp—it must be perfectly flat, without a wrinkle or curl. Hold a penny in one hand and the paper square in the other, both with their surfaces parallel to the wind. Drop them simultaneously. Of course, the penny will reach the ground long before the paper. But now hold the coin as before, placing the paper square flat against its upper surface, taking care no part of it projects. Drop the penny so that it falls without turning over, and you will find that the coin and paper reach the ground practically together. The reason is this: the rush of the air through the air causes a partial vacuum on its upper side, and protects the paper from the influence of the air. A flat object falls more slowly than a round one of the same weight because it has a bigger surface for the air to act on as a buffer.

Comparatively a Novice.

A high school student wanted to take military training and reported to the sergeant in charge. The student had a slight impediment in his speech. "Have you ever had any drill?" the sergeant asked. "N-no, not any, except a M-m-m-maypole dance!" he said.

Hear Not, But See.

A newly-married couple, who are deaf, and are trying housekeeping without a servant, have devised an ingenious substitute for a door bell. When a caller presses the electric button all the lights in the house flash up, and his presence is made known.

Wild Cinnamon.

Although the cultivation of cinnamon in Indo-China is increasing, most of the product comes from a wild shrub. When a native discovers a cinnamon tree he must make a declaration before the local administration, which cuts down the tree.

Chess vs. Education.

There is also the Moslem savage (in Egypt) who, in spite of his being totally illiterate, will take on the more thoughtful type of Cambridge-bred subaltern at chess and beat him.—London Spectator.

"Inspired Idiot."

We are told that this was a nickname bestowed by Horace Walpole on Oliver Goldsmith, because of the strange medley of wit and foolishness, genius and stupidity which entered into his mental makeup.

Jud Tunkins.

Jud Tunkins says that after a woman succeeds in getting her husband dressed up just the way she wants, she's liable to look him over and wish he was a cane man.

Wealth and Happiness.

"A man who says wealth doesn't bring happiness," said Jud Tunkins, "never saw a small boy who found a quarter in the street just as he was passing a candy store."

its evil consequence by sober and tested methods. Where genius has made for great possibilities, justice and happiness must be reflected in a greater common welfare.

SERVICE THE SUPREME COMMITMENT

"Service is the supreme commitment of life. I would rejoice to acclaim the era of the golden rule and crown it with the autocracy of service. I pledge an administration wherein all the agencies of the government are called to serve and ever promote a government purely as an expression of popular will. I cannot stand in this presence and be unmindful of the tremendous responsibility. The world upheaval has added heavily to our tasks. But with the realization comes the surge of high resolve and there is renaissance in belief in the God-given destiny of our republic. If I felt that there is to be sole responsibility in the chief executive for the America of tomorrow, I would shrink at the burden, but there are a hundred millions with common concern and with shared responsibility, answerable to God and the country. Their representatives summons them to duty and I invite suggestion.

"For my part, with the single-mindedness of purpose and humility of spirit I implore the favor and guidance of God in His heaven. With these I am unafraid and confidently face the future."

"I have taken the solemn oath of office on that passage of holy writ wherein it is asked: 'What doeth the Lord require of thee but to do justly, love mercy and walk humbly with thy God.' This I plight to God and country."
